Dear David:

I have this note from David Suzuki asking me to write a brief memoir on Tracy. I really don't feel I can do justice to the full reach of his career and believe there would be no one better suited to do that than yourself. However, if you wish, I would be glad to read what you write and add a paragraph or two; so then perhaps we could make a joint submission starting with your own draft.

How you do feel about that?

Yours sincerely,

Joshua Lederberg
